JUNHE Our Team

Practice Areas:

Dispute Resolution Insurance Banking and Finance

Professional Experience

Ms. Cai joined Jun He in 2012 and currently practices at JunHe Beijing Head Office.

Ms. Cai's practice is mainly focused on civil & commercial litigation and arbitration, general corporate, family wealth planning and management, insurance, and bank's financial products.

Ms. Cai has extensive experience in handling a wide range of litigation, arbitration and other dispute resolution cases. She is good at designing the litigation strategy and discovery plan from the perspectives both as a lawyer and as a judge. Ms. Cai is specialized in resolving disputes concerning corporate shares and control; investment, financing, and IPOs; insurance and bank's financial products; family wealth planning and management; real estate and other complex issues.

Ms. Cai is an insurance law expert. She has participated in the discussions regarding the judicial interpretations for Insurance Law issued by the Supreme Court. She is the general legal advisor for China Insurance Regulatory Commission Beijing Bureau and also acts as the special mediator for Beijing Insurance Association, where she mediates various issues on insurance (e.g. life insurance, property insurance, product liability insurance, export credit insurance and insurance subrogation). Ms. Cai is also proficient in laws and practices concerning risks prevention in various wealth management and inheritance tools. As a training professor for the CPB Test under the Financial Planning Standards Board, Ms. Cai has often been invited to provide legal training on the risks prevention on wealth inheritance to the Private Banking Department of leading banks in China and participated in multiple live events organized by banks and security companies for their elite clients.

Ms. Cai has provided legal services to many leading MNCs in respect of their operations in China and general legal matters. She has accumulated rich experiences in design and analysis of shareholding structure, legal risk prevention in investment or financing projects, and corporate compliance review, etc.
