

ZHOU, Feng (Frank)

Partner

Professional Experience

Frank is a senior partner in JunHe's corporate and M&A practice group. He also co-chairs JunHe's life sciences and healthcare practice group.

Frank has played key roles in many M&A, financing and joint venture deals. He not only advises multinational companies, state-owned companies, public companies and equity funds, but also helps the financing and business development of many small and medium sized companies. He has solid experience in life science, healthcare, manufacturing, FMCG, high-tech and Internet sectors.

In the life science and healthcare industry, Frank renders a wide variety of legal services needed in the industry, encompassing full enterprise lifecycle and full product lifecycle: (i) private equity, M&A, joint venture and capital market transactions, (ii) regulatory and compliance advices and defenses in relation to licenses and permits, manufacturing compliance, market access, anti-corruption, anti-monopoly, human genetic resources, advertising, data protection, pharmacovigilance, sanctions, export control and customs law, and (iii) the structuring, drafting, revision and negotiation of license-in/out, co-development, contract manufacturing/services, commercialization and other business development deals. As a veteran lawyer for 20+ years, Frank has represented numerous drug and device companies, food manufacturers, testing and diagnosis service providers, medical aesthetics, cosmetics and other health products providers, bio-techs, bio-pharmas, CXOs, upstream and downstream goods and services suppliers, as well as strategic and financial investors, and has become a preferred choice among clients for his reliable quality and service.

Legal 500 names Frank "Lawyer of the Year: Life Sciences and Healthcare (PRC Firms)" in 2025. Client's feedback on Frank is as follows: responsive to clients' urgent needs with a strong sense of responsibility, solid legal and industrial expertise, forthright speaking style with focus on core issues, attention to detail, and commitment to delivering pragmatic win-win solutions.
